To the Inhabitants of the Town of Hinsdale qualified
to vote in town affairs

You are hereby notified to meet at the Town Hall, on
Tuesday, the 11th day of March, 1930, at nine of the clock
in the forenoon, to act on the following subjects:

Article 1. To choose a Town Clerk for the ensuing year.

Article 2. To see if the town will vote to accept and
adopt the report of the Selectmen, Auditors and other town
officers.

Article 3. To choose a member of the Board of Select-
men for the ensuing three years.

Article 4. To choose two members of the Board of Li-
brary Trustees, one for the ensuing three years, and one for
ensuing one year.

Article 5. To choose all other necessary town officers
and agents for the ensuing year.

Article 6. To see how much money the town will vote
to raise and appropriate for the payment of ordinary town
charges, for the support of the poor, for the maintenance
of the fire department, for the lighting of streets, and for
all other necessary expenses arising within the town.

Article 7. To see if the town will vote to raise and appropriate the sum of fifteen hundred dollars (\$1500) for state aid maintenance, and one thousand dollars (\$1000) for trunk line maintenance.

Article 8. To see if the town will vote to apply for state aid construction or act in any manner thereon.

Article 9. To see if the town will vote to raise and appropriate the sum of one thousand dollars (\$1000) to cement Cressy Bridge, so called, and widen the road south of this bridge, on the Chesterfield Road.

Article 10. To see if the town will vote to raise and appropriate the sum of one hundred and fifty dollars (\$150) for traffic signs and marks, or act in any manner thereon.

Article 11. To see if the town will vote to raise and appropriate the sum of five hundred dollars (\$500) to purchase the water right in town hall spring now owned by Frank W. Jeffords, or act in any manner thereon.

Article 12. To see if the town will vote to renew the contract for street lights with Twin State Gas & Electric Co., or act in any manner thereon.

Article 13. To see if the Town will permit the High School to use the Town Hall, for dramatics and dances, a maximum of four times a year without charge.

Article 14. To see if the Town will vote to raise and appropriate the sum of two hundred and thirty dollars (\$230) to purchase a new Lowering Device and Grave Cover to be used in the cemeteries in the Town of Hinsdale.

Article 15. To see if the Town will vote to raise and appropriate a sufficient sum of money to purchase a new car for the Red Cross nursing service.

Article 16. To bring in your ballots for one delegate to the State Constitutional Convention.

Article 17. To transact any other business that legally comes before said meeting.

Given under our hand and seal, in said Hinsdale, this twenty-fourth day of February, 1930.

HINSDALE CHAPTER, A. R. C.

Report of the Chairman of the Nursing Committee

A meeting of the Hinsdale Branch of the American Red Cross is held monthly every first Monday unless that date should fall on a holiday in which case the meeting is held on the following Monday at 3 o'clock. It is the wish of the committee that you attend these meetings. Many have not inspected our comfortable quarters and the equipment. A new set of baby scales has been purchased and as soon as the weather changes, Miss Eva M. Fortier, R. N., plans to have baby clinics. The dental clinic conducted last fall was a good start in that direction and many thanks are due Dr. Thompson for his co-operation. There were 76 who availed themselves of the opportunity.

A class in home nursing was given under the direction of Miss Fortier with the co-operation of Miss Adelaide Barbrick, D.A., instructor at the High School last year and for which seven young ladies received diplomas from Washington in June, 1929.

At the town meeting in March, 1926, the town voted to purchase a car for the use of the nursing service. The car has done service since that time and an article has been placed in the warrant asking the town to turn in the old car at this time and buy a new one for the service.

Respectfully submitted,

EVA N. FAY.

Chairman of branch A.R.C.

As shown by the above report there has been a very satisfactory increase in the circulation of books. The library has received splendid co-operation from the schools and we have endeavored to give them every assistance possible. Books are sent to all the grades and special shelves in the library have been reserved for the use of the high school pupils. In addition to this there have been library classes for the school children to teach them how to use the library, where to find material, and how to use it in preparing their daily lessons.

Each of the rural schools has received a deposit of books for adult readers who may find it inconvenient to make use of the library during the winter months. This has been made possible through the kindness of the teachers in charge.

The library received some very rare and valuable books from the estate of Mrs. Ida Hosford. We hope to have these available soon for exhibition.

ANNUAL REPORT
OF THE SCHOOL BOARD
OF
HINSDALE SCHOOL
DISTRICT

for the Fiscal Year
July 1, 1928 — June 30, 1929

Let us set the child in our midst as our greatest wealth and our most challenging responsibility. Let us exalt him above industry, above politics, above all the petty and selfish things that weaken and destroy a people. Let us know that the race moves forward through its children and, by the grace of Almighty God, setting our faces toward the morning, dedicate ourselves anew to the service and the welfare of childhood.

WARRANT

State of New Hampshire

To the Inhabitants of the School District of the town of Hinsdale, qualified to vote in District Affairs:

You are hereby notified to meet at the Town Hall in said District on Saturday, the 15th day of March, 1930, at three o'clock in the afternoon to act upon the following subjects:

HEADMASTER'S REPORT

Hinsdale, New Hampshire,
February 11, 1930.

To the Superintendent of Schools,

Dear Sir,

I wish to present the following table for your inspection :

Total enrollment September 9, 1929, Grades 9-12	85
Total enrollment September 9, 1929, Grade 8	29
Total enrollment September 9, 1929, Grade 7	38
Total enrollment September 9, 1929, Grade 6	30
<hr/>	
Total enrollment September 9, 1929, Grades 6-12	182
Total enrollment September 9, 1929, Grades 7-8	67

We are beginning to feel in the high school more than a bit crowded. The number of seats for the home rooms is shown in the following table.

Room 7 (the Main Room)	63 desks
Room 9 (Classical Room)	24 desks
Room 1 (Eighth Grade)	28 desks
Room 2 (Seventh Grade)	40 desks
Room 3 (Sixth Grade)	30 desks
<hr/>	
Total available desks	185

This table shows a lack of seating space for even the number that we now have in the school in some of the rooms. We have placed portable desks in the rooms where there are not enough of the permanent ones to permit the classes

to be seated. In this way we have managed to have seats for all of the pupils. Needless to say we are fast approaching a time when it will not be possible to seat every pupil in every class under the present physical conditions. To forecast what will happen next fall we may take the following figures. Our graduating class this year is the largest we have had for some time, numbering eighteen. The graduation of this class will give us eighteen seats. The present eighth grade, numbering twenty-nine, will probably produce about twenty-seven freshmen, counting those who will come in from the districts and considering a possible mortality of six between now and next September. In the upper four classes we will be forced to use more of the portable seats, but we have little room in which to place them.

Running parallel with this condition is an increasing fire hazard as our building is of wood and a crowded building is obviously more dangerous in this respect than one not so crowded.

Regardless of the conditions our paramount duty is to educate the pupils and fit them for life.

I wish to state that it is with pleasure that I write this report for this year. The class that entered as freshmen the year that I came to Hinsdale is to graduate in June of this year. This class entered twenty-two members and we expect to graduate eighteen of these, many of whom are planning to go to advanced institutions.

We have now a creditable list of graduates in most secondary institutions, some of them being in the following schools:

New Hampshire University	1 pupil	from Hinsdale
Vermont University	1 pupil	from Hinsdale
Holy Cross	1 pupil	from Hinsdale

Simmons College	1 pupil	from Hinsdale
Keene Normal School	3 pupils	from Hinsdale
Bay Path Institute	1 pupil	from Hinsdale
Montague Hospital	1 pupil	from Hinsdale
Brattleboro Institute	1 pupil	from Hinsdale

This list is indeed gratifying to us as it shows us that our graduates are utilizing their opportunities to get a foundation for their work later on.

Even with such an encouraging list as we have of those attending other institutions, we must be forced to admit that these people represent but a comparatively small percentage of our graduates. Again we come to the ever-present question of how best to train the rank and file of our boys and girls so that they will be somewhat fitted for life's problems with but the education we can give them in our school. At present we try to fit them in but three possible fields. We can offer to fit them for college through the classical course, for business through the commercial course, or for home making through the domestic arts course.

Needless to say it is insufficient. Many, many times we have boys and girls that cannot go to college, do not want to be bookkeepers or stenographers and in the case of the boys do not feel the need of domestic arts. We need a vocational course which will help these people who do not fit into the prescribed courses.

Our needs are so numerous that it seems almost futile to try to mention them. We need physical training, a gymnasium, a school auditorium for dramatics and assemblies. Assemblies are particularly needed for pupil participation and oratorical training, a feature in which we have no opportunity to develop under the present physical conditions.

I wish to express my appreciation to the people of Hinsdale, to the Board of Education and to the Superintendent for the cooperation and assistance they have rendered this past year.

Respectfully submitted,

CLEON B. JOHNSON.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Hinsdale:

I have the honor to submit, herewith, my fifth annual report.

Buildings and Grounds. In addition to the usual thorough cleaning and minor repairs to all buildings in use, the following are the larger projects accomplished during the year. At the High School another portion of the manual training room was let into the commercial room. The commercial room was then divided by a partition with a large sliding glass window which now gives us two rooms for that department, a typewriting room and a bookkeeping room. This adds to the effectiveness of that department and enables the teacher to give complete supervision to all the work done by the pupils. The arrangement also permits at certain periods two types of activity to go on simultaneously, both of which can be easily supervised by the teacher. The furniture in this building is not only obsolete but is in a very dilapidated condition, so the Board adopted the policy of modernizing this equipment a little at a time until the building was equipped with modern and hygienic equipment. Last year the seventh grade room was equipped with forty new seats and three new teachers' desks were purchased. The budget this year contemplates replacing the seats in the eighth grade room.

At the Bridge Street building two additional windows were placed in the fifth grade room, thus increasing the amount of light by at least twenty-five per cent.

The Monument school was equipped with electric lights, thus providing for additional light on dark days and for evening community meetings.

There is some agitation in favor of establishing a kindergarten in Hinsdale. This is a very valuable part of an up-to-date educational system though one is seldom found in towns the size of Hinsdale. In the cities they are found in about the ratio of one to three as compared with the first grade. There is no reason why a town like Hinsdale should not have a kindergarten if there is a suitable room for it and if the taxpayers want it bad enough to pay for it. I feel that this problem, like a vocational course for boys in the High School so strongly and wisely advocated by Headmaster Johnson, is closely tied up with the limitations of our physical plant. Some day Hinsdale is going to have a new building for its school children, and when that building is built it would be very easy to make adequate provision for both of these activities as well as for many others that we have in mind.

Teachers and Pupils. The following changes were made in the teaching staff: Miss Rosetta Brown of Winchester, a graduate of Keene Normal with two years' experience, was secured to take the place of Miss Coffey, who had taught the Monument School for four years.

In the Bridge Street School, Miss Keniston, fifth grade teacher and principal, resigned. Her grade was taken over by Miss Isabel Briziski of Greenfield, Mass., a graduate of the University of Vermont training school for teachers. Miss Mabel Temple was promoted to the principalship. At the High School, due to resignations, the following changes were made: Mr. Lucian Lerandean of Marlborough, N. H., a graduate of Keene Normal with the degree of B.Ed. and with one year's experience in Portsmouth, was secured to take Mr. Mulcahey's place as Submaster and teacher of Manual Training; Miss Helen Hawley of Holyoke, Mass., a

graduate of Salem Normal with the degree of B.S., assumed the duties as commercial teacher in place of Miss Ruth Glines, and Miss Katharyn Pierce, a graduate of Middlebury College with the degree of A.B., succeeded Miss McCallum as teacher of Latin and French. Thus equipped, we began the year but both Miss Pierce and Miss Barbrick resigned to take effect at the beginning of the second semester. Miss Marion West of New London, Conn., a graduate of Bates College, with the degree of A.B., and with one year's experience, was elected to succeed Miss Pierce, while the Domestic Arts work will be carried out for the balance of the year by Miss Virginia Fairbanks and Miss Dorothy Frost, seniors in the four-year-course at Keene Normal School.

Health. The report of the physical examination of School children is printed elsewhere. I hope you will notice that there are 122 cases of malnutrition, 36 cases of defective vision, 51 with defective teeth and 88 cases of diseased tonsils. These defects handicap the children not only in their school work but seriously condition the chances for success in after-school life. I urge upon all parents to follow up the card that is sent each year calling their attention to these defects.

I have been asked by the School Board to give a brief explanation in regard to article eight (8) in the warrant.

Health Officer F. O. Packard informed the Board late last fall that he was in receipt of a letter from the State Board of Health stating that complaint had been made that the toilet facilities in both village schools were unsanitary. Mr. Packard made an inspection of the buildings and reported that something needed to be done looking to their improvement. The State Board of Health reported the matter to

the State Department of Education. So the School Board invited Deputy Commissioner J. N. Pringle to inspect the buildings. His report to the School Board indicated that one of two things should be done: either that the present slate urinals be moved so that they might be suitably ventilated or that entirely new sanitary equipment be installed. The latter course seemed the more satisfactory and so the School Board have placed an appropriate article in the warrant for the consideration of the voters.

My own personal feeling is that it was very unfortunate to have this complaint go to the State Board of Health as the School Board has given careful consideration to this problem and the condition of these facilities, while not entirely satisfactory, was the best that they have been in for several years; in fact no more objectionable than most places of this sort whether in schools or other public buildings. It seems like putting new wine into old bottles. But the upshot of the whole matter is that the complaint was made and it is now incumbent upon the District to take such action upon the matter as their judgment dictates.

Headmaster Johnson calls your attention to the growth in High School enrollment but his modesty kept him from making any explanation. The explanation is the interesting feature in this development. The first graduation I attended in Hinsdale the class numbered five. The Class Historian recounted the fact that the class numbered twenty-four in the first year. Five graduates out of an entering class of twenty-four. This year there will be graduated eighteen pupils out of an initial class of twenty-two. This is a remarkable showing and speaks highly for Mr. Johnson and his staff. In four years the holding power of the high, that is, the ability of the school to hold its students through to

graduation, has practically been multiplied by four. All Hinsdale can be proud of this record and I know of no place where it has been duplicated. The increased enrollment is due not to an increase in population but to the increase in the holding power of the school.

In concluding this very brief report, I would be ungrateful indeed if I did not express my appreciation to teachers and pupils, to the school board and to the citizens of Hinsdale for their continued co-operation and support in the great work of education.

Respectfully submitted,

WESLEY H. DOUGLASS,

Superintendent of Schools.
